All-In-One Stand-Alone Kit

Cansec Systems offers an all-in-one stand-alone Zodiac kit to get your system started. The kit includes the Zodiac 250 reader, a door control module, a power supply board, a transformer and an enclosure to hold these components. You'll be a simple installation away from a completely stand-alone access control system – no PC required. Simply add or delete users at the reader and let it do the rest.
